

Elegance Aura

Luxury Vinyl Tile Floorcare

We want your new Aura LVT floor to become a design and functional feature for many years to come, to help you achieve this we have laid out the following floorcare guidelines. Aura features a polyurethane reinforcement (PUR) within a hard-wearing surface, providing protection against everyday wear, ensuring optimum long-term performance of your floor. Furthermore, both our LVT collections do not harbour dust mites or bacteria, making them ideal for the home environment.

Initial cleaning after your new floor has been installed:

- Avoid walking on the floor for at least 24 hours following completion of installation.
- Sweep or vacuum to prevent loose dirt or grit from scratching the floor.
- Polishing your floor can be beneficial to help prevent slight surface scratches and to provide further protection.

Day to day cleaning:

- Sweep or vacuum the floor to remove loose dirt, grit or dust.
- Use clean mops and neutral cleaning solutions to regularly clean your floor.
- Dilute the floor cleanser to the manufacturer's instructions. We recommend Polyflor maintenance products
- Mop the floor evenly.
- Collect any excess liquid in a mop bucket.
- Rinse the floor with clean water and allow to dry.

Regular cleaning is more beneficial to the floor-covering and is more cost effective than occasional heavy cleaning.

- Do:**
- ✓ Install barrier mats at entrances to pick up grit and moisture. (Note, some rubber-backed mats may discolour the floor.)
 - ✓ Ensure your furniture is fitted with protective pads where necessary to prevent scratches.
 - ✓ Use protective cups under heavy furniture to prevent indentation.
 - ✓ Remove spillages as quickly as possible to reduce risk of staining and causing slip hazards.
 - ✓ Always use clean equipment when maintaining your floor.
 - ✓ Regularly trim pets claws as these can cause fine scratches.
- Don't:**
- ✗ Use metal scouring pads as these can damage the floor.
 - ✗ Clean the floor with abrasive liquids such as solvents, caustic detergents, washing up liquids, soap powders, bleach, furniture polishes, petroleum based products, pine gels, stain removers or highly coloured products. Such products may make the floor slippery or cause permanent damage.
 - ✗ Drag furniture with unprotected feet across the floor.
