# Parquet Design Floors

Inspired by the beauty of traditional wood parquet flooring, Elegance Aura now complements even more interior schemes with the addition of two exquisite parquet design floors. Traditional yet contemporary, parquet is an elegant choice throughout the home now with the ease, simplicity and practicality of Luxury Vinyl Tiles.

## Christchurch Oak Parquet | 3802

Parquet Size: 76.2 x 228.6 mm

The stunning new parquet designs floors have been selected from two popular Elegance Aura shades: Traditional Grey Oak and Christchurch Oak. Expertly handcrafted, these parquets reflect natural texture and grain variation, skilfully engineered with a micro bevel for added realism.

The Elegance Aura parquets can be arranged in a plethora of patterns to complement your interior and home. The line drawings illustrate eye-catching designs which can be achieved out of the box, with no cutting required. For even more choice, try teaming the stunning parquets with their matching full-length planks, ideal for open plan living or to highlight intricate room features.

## FLOOR CARE

To ensure your new Elegance Aura floor stays looking at its best, we recommend you refer to the below maintenance guidelines to retain optimum appearance.

Avoid dragging furniture across your floor, this may damage the surface.

Regularly trim your pet's claws to help avoid scratching.

Sweep or vacuum your floor daily.

Address spillages as quickly as possible to reduce risk of staining and slip hazards.

Avoid cleaning the floor with solvents, caustic detergents, washing up liquids, soap powders, bleach, furniture polishes, petroleum based products, pine gels, stain removers or highly coloured products. Such products may make the floor slippery or cause permanent damage.

Install entrance mats by exterior doors to collect loose dirt and grit.

Ensure the floor cleanser is diluted as per the manufacturer's instructions.

Insert protective pads and cups under furniture to protect your floor from indentations and scratches.

Use fresh mops and neutral cleansing solutions to clean your floor. Remember to collect and dispel all excess fluid into your mop bucket.

Do not use abrasive liquids or metal scouring pads to clean your floor.
